Originally published in hardcover by Phê More. Want to Read. Shelving menu. Shelve Touch Magic: Fantasy, Faerie & Folklore in the Literature of Childhood. Want to Read. Currently Reading. The essays in Touch Magic, Jane Yolen's classic call-to-arms advocating the use of fantasy and folklore in children's literature, echo that statement. Yolen argues persuasively that fantasy, folklore, and the realm of story provide children with the necessary tools for facing the world, understanding its ways and capriciousness, indeed, becoming truly human. "I believe that culture begins in the cradle," she writes. "To do without tales and stories and books is to lose humanity's past, is to have no star map for our future." August House now offers a richly e

Most of our classic children's stories began in the former, and have been migrating into the latter. The story teller plays a great role in the oral tradition, by adjusting the way the story is told to fit the audience. As parents, I think we all do this instinctively with young children, but gradually abdicate that role as the children learn to read silently to themselves. As story tellers, we can help point out the interesting and challenging parts of the stories. In so doing, we increase the likelihood that the child will learn more about what it means to be human. Many people are conc Touch Magic 1st edition. Fantasy, Faerie and Folklore in the Literature of Childhood.
