Faster Cheaper Better: The 9 Levers for Transforming How Work Gets Done.Â Book Overview. The rough patch we have had for the past couple of years is only going to continue. Michael Hammer's brilliance was especially acute during tough times when people in business had to hunker down and just be plain better than the competition. His focus was on the nuts-and-bolts of how work actually gets done, showing people how to transform a business by improving the way it is runâ€”whether it's a factory or a software company. While he worked with Read More.
