Is reading a book aloud to your class in the beginning of the year like playing whack-a-mole? Forget classroom management; everybody keeps popping up wanting to explore. The beginning of the year in pre-k and kindergarten is tough no matter how prepared you think you may be or how experienced you are. Beginning of the Year Books for Better Classroom Management. One trick I have found to be very successful is to keep your read aloud sessions short and sweet by choosing high-quality picture books that are both fun and educational. Reading these types of books is going to help keep your students These tips for pre-K teachers, classroom management, math, science, reading, and more are genius! Whether you're a new pre-K teacher or vet, bookmark this! Pre-kindergarteners will need to hit the ground running in kindergarten, and that includes using scissors. Use these free grass and snake cutting sheets for practice. 17. Don't shy away from science. One of the best ways to manage your class is having a good entry procedure. Standing tall at the door, greeting each child, and having clear expectations for what kids do when they're in your classroom (put their backpack and coat in their cubbies, choose a book, sit at their seat) is one way to start the morning. (Read more tips for pre-K classroom management at Scholastic.) 45. Organize the end of the year. Improve your students reading readiness and phonological awareness using rhyming words! This article has five activities that will get students engaged and learning about rhyme. This paves the way for reading success later on. Below is a list of activities, going from easier to more difficult, which should suit children in pre-K and kindergarten classes. Five Rhyming Activities for the Classroom. 1. Which Two of These Words Rhyme? Give examples of rhyming words and explain how the words sound alike. Then present groups of three words and ask the class which two of the three sound alike (ex. tall, ball and hole). 2. Do These Two Words Rhyme?
