The Safaricom Big Box launched sometime last week and was a very much anticipated gadget after Safaricom promised to bring a solution for media and internet consumers in the home who are yet to be served or looking for better solutions. We got our review unit this week and we have a thing or two we'd like you to know as we interact with it and make findings.

A big-box store (also Supercenter, Superstore, or Megastore) is a physically large retail establishment, usually part of a chain of stores. The term sometimes also refers, by extension, to the company that operates the store. The store may sell general dry goods, in which case it is a general merchandise retailer (however traditional department stores, as the predecessor format, are generally not classified as "big box"), or may be limited to a particular specialty
