Trust me on this, you don't want to be in a 15' boat in a 16' sea, which is a fairly common occurrence in deep water. Attached Files: HullCutaway.jpg. Smaller boats have zero chance to fight the bigger boats, so let us at least outrun them. Give respawning pirates on their own boat a 5-10 second grace period so they have an advantage to try and reclaim their ship. larger crews can just station 3 players to kill all respawners and 1 player to steal all of their stuff - making it impossible to reclaim your ship, and making it too easy to claim someones ship.Â Small boats are harder. The Rowboat was added to the game in the Forsaken Shores DLC. Rowboats are not automatically assigned to ships, but can be found adrift near any of the islands in the game. Once located, take and row the boat back to the ship, then dock it at the back. The ships were introduced primarily due to the super-heated water surrounding the new Devil's Roar islands, which can be quite lethal to a swimmer.
