Atwood's poems, *West Coast Review* contributor Onley maintained, concern "modern New York Times that her suffering characters come from real life: "My women. in the twentieth century have metastasized into deeply sinister phenomena.

So modern poetry is essentially a private art form and it contains very much a story of individual poets. The most striking thing in twentieth-century English literature is the revolution in poetic taste and practice. Various movements and changes had a greater influence upon modern poetry. Though poets are often influenced by each other and sometimes, share a common outlook, their style and the ways of writing differ from each other. So modern poetry is essentially a private art form and it contains very much a story of individual poets. T. S. Eliot. At times we find the use of classical and Celtic mythology in his poetry. His later poetry uses plainer language in its description of human nature. Thomas Hardy. Hardy is regarded as a great English poet of this century. I first came across *The Making of Modern Poetry in Canada* in the early 1990s, when I was doing my MA in English literature at Carleton University. I had signed up for a course on twentieth-century poetry and publishing in Canada, which was taught by the co-editor of the book, Michael Gnarowski. The two articles that follow tell their own story and require little comment. They serve as an introduction to the poetry and ideas of the early 1940s in Canada. Other essays contained in Section VII, "The Little Magazines," provide further background and interpretation of the publishing scene and the importance of dedicated enterprise on the part of the poets in getting the new poetry into print in books and magazines. As readable as it is comprehensive, the Companion offers a fascinating survey of this century's shift from 'poetry' to 'poetries,' as American and British traditions of poetry have made way for a growing diversity of voices, and as the burgeoning poetries of Australia, Canada, and other English-speaking countries assert their own identities. From Abse and Auden to Zaturenska and Zukofsky, *The Oxford Companion to Twentieth-Century Poetry in English* is an essential reference for students, lovers of poetry, and for poets themselves. Excerpt. This Companion is offered both as a reference work and as a history, a map of modern poetry in English.
